

Seniors for Seniors

A new program helping Arlington senior citizens in senior living facilities to own a senior pet!

Help us help a senior pet find a loving senior for their “fur-ever” home.

Arlington Animal Services would like to sponsor a pet at each senior living facility in Arlington where a person is in need of a companion pet to decrease depression, lower blood pressure, etc. Many interested senior citizens who live in these facilities are unable to afford the pet deposit and we would like to help!
