FY 2016 Year-End Budget Analysis Report

Introduction

This report includes the FY 2016 Year-End Budget Analysis Report (BAR), a discussion of revenue and expenditure variances compared to budgeted appropriations, and an overview summarizing Business Plan accomplishments during FY 2016. We believe this report demonstrates that the City continues to provide valuable services to its citizens, along with our ongoing commitment to effectively manage funds entrusted to us by our taxpayers. In addition to the following summary, this report also includes detailed revenues, transfers and expenditures (unaudited) for all operating funds.

Executive Summary

General Fund Revenues

Revenues in the General Fund were \$1,425,774 below budget in FY 2016 (-0.64%), but \$592,354 higher than the 3rd Quarter estimates (0.27%). However, net of the \$1.58 million in revenues budgeted (but not anticipated) for infrastructure and Major Event Trust Fund reimbursements, the fund ended the year approximately \$159,000 over budget in revenues. A discussion of significant revenue variances is included below.

General Fund Revenues	FY 2016 Budget	FY 2016 Actual	Variance
Property Taxes	\$ 83,548,790	\$ 83,206,654	\$ (342,136)
Sales Taxes	58,781,658	58,299,391	(482,267)
Other Taxes	2,798,141	2,346,521	(451,620)
Licenses and Permits	5,804,056	6,919,342	1,115,286
Service Charges	13,785,789	13,903,509	117,720
Franchise Fees	38,057,499	37,534,777	(522,722)
Fines and Forfeitures	13,393,407	12,249,184	(1,144,223)
Leases and Rents	6,063,233	6,082,674	19,441
Miscellaneous Revenues	1,298,043	1,562,790	264,747
Total	\$ 223,530,616	\$ 222,104,842	\$ (1,425,774)

Tax Revenues

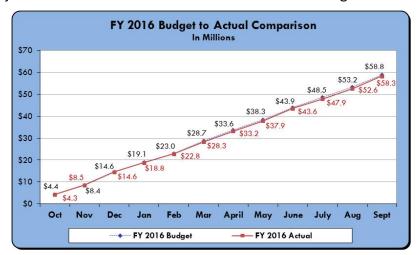

Overall tax revenues for the City were \$1.28 million below budget in FY 2016 (-0.9%). Property taxes were \$342,136 (-0.4%) under budget primarily due to value litigations. As shown in the table below, the amounts involved with these litigations have declined significantly since FY 2014, and the budget for FY 2016 was developed to absorb the majority of the impact of these litigations on the City's ad valorem revenues.

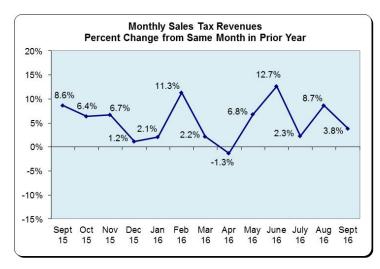

Adjustment to Taxable Value due to Litigation and Other Exemptions										
FY 2012 FY 2013 FY 2014 FY 2015										
-132,765,571	-191,412,104	-237,307,378	-205,754,422	-94,358,695						

Sales tax revenues were under budget by \$482,267 (-0.8%). However, these revenues continued to show relatively strong growth above the prior year's receipts, up 5.0% compared to FY 2015. This growth was only slightly less than the 5.5% growth in FY 2015 above the FY 2014 levels. Gasoline prices rose significantly during the spring and summer months from the historically low levels seen during the first six months of the year; this rise typically reduces disposable income for the average consumer. The City also continued to benefit from major events held at AT&T Stadium and another strong season

by the Texas Rangers, as the team compiled the best regular-season record in the American League and made the 2016 MLB play-offs.

The graph to the right shows actual General Fund sales tax receipts compared to the FY 2016 budget.

The graph to the left shows the percentage increase or decrease from the same month in the prior year for each of the last 12 monthly sales tax payments. Receipts throughout the year were consistently favorable, trending upward in 11 of the past 12 months, with the only negative amount down by 1.3%.

Licenses and Permits

Overall, licenses and permit revenues were \$1.12 million (19.2%) over budget for the year, largely attributable to building permit activity. AISD bond projects that had been delayed in FY 2015 were among the significant drivers of the increase, along with roof replacement permits necessitated by spring storm damage. Burglar alarm permits were under budget by \$115,575 (-11.1%) primarily due to a 26% decline in false alarm calls; however, these were offset by higher-than-expected business registration fees (\$60,969 better than budget) and fire permit fees (\$72,646 better than budget), both of which were driven by increases in construction activity.

Service Charges

Revenues in this category were \$117,720 (0.9%) above budget in FY 2016, despite the fact that these revenues included \$1.28 million budgeted, but not anticipated, for infrastructure improvements. Net of this \$1.28 million, overall Service Charge revenues were over budget by \$1.4 million for the year. Among the strong performers in this category were plat review and inspection fees (over budget by \$727,732) from activity at the Viridian and Seclusion Ridge development projects, and plan review fees (over budget by \$531,109), the result of upward trends in both residential and commercial construction. Reimbursements for street cuts and repairs performed by the Public Works Department that were necessitated by water line installation and repairs were \$64,288 (49.5%) higher than budgeted. In addition, miscellaneous service charges were over budget by \$157,276.

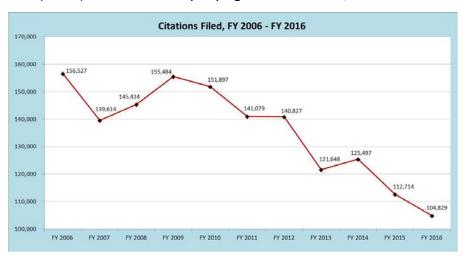

Franchise Fees

Franchise fee revenues were \$522,722 (-1.4%) under budget in FY 2016. Electric and gas utility franchise fees combined were \$1.39 million under budget due to the milder-thannormal weather during the year. After several years of trending downward, telephone franchise fees showed some evidence of stabilizing, coming in \$297,290 (6.5%) over budget for the year. However, the opposite occurred for cable television fees; after strong growth over several years, this revenue showed signs of leveling off, coming in \$562,565 (-12.3%) under budget. In the aggregate, solid waste franchise fees and royalties from the City's landfill operations were \$1.05 million over budget, primarily due to larger-than-expected semi-annual true-up payments received from Republic for waste brought to the landfill from outside the City, including miscellaneous revenues for receiving fill dirt brought to the site. Water utility fees were over budget by \$131,192.

Fines and Forfeiture Revenues

Fines and forfeitures were under budget by \$1.14 million for the year (-8.5%), largely attributable to continuing shortfalls at the Municipal Court. Revenues from Municipal Court operations (not including Criminal Justice Taxes) totaled \$12.12 million in FY 2016, under budget by \$1.04 million (-7.9%). As the accompanying chart indicates, a total of

104,829 citations were filed at the Court during the year, down from 112,714 in FY 2015, a drop of 7.0%. Citations in FY 2016 were 32.6% below their FY 2009 level of 155,484. Library fines for overdue materials were under budget by \$107,075.

Leases and Rents

Leases and rental revenues were \$19,441 (0.3%) better than budget during the year. Rental payments for hangar space at the City's Airport were \$45,805 (-16.0%) under budget, attributable to a suspension of the rental program pending the results of structural analyses currently underway at these facilities. However, this shortfall was offset by leases for space on the City's cell phone towers (over budget by \$59,379 due to the addition of new lessees), and copier concessions at the City's libraries, which were over budget by \$31,103.

Miscellaneous Revenues

In the aggregate, these revenues were over budget by \$264,747 (20.4%) for the year, primarily attributable to interest revenues that were \$272,290 better than budget. Subrogation revenues, which represent compensation for damages done to City-owned property by other parties, were under budget by \$22,644, and revenue from the City's beverage contract was over budget by \$8,652.

Interfund Transfers

The FY 2016 Year-End BAR shows interfund transfers from the General Fund to other funds at \$1,307,646 lower than budget. This is attributable to the following:

- The General Fund's transfer to the Arlington Property Finance Authority (APFA)
 Fund was \$511,995 lower than budgeted due to the sale of debt to support this fund's future operations.
- The General Fund's ending balance in FY 2015 was sufficiently favorable to make two unbudgeted transfers totaling \$1,435,645 to the Unallocated and Working Capital Reserves (\$380,024 to Unallocated, and \$1,055,621 to Working Capital), in order to maintain those reserves for FY 2017 at the levels specified in the City's Financial Principles.
- An unbudgeted transfer of \$58,000 was provided to the Knowledge Services Fund in order to cover that fund's revenue shortfalls and expenditure overages.
- The transfer to support Handitran was budgeted at \$1,199,945. However, the availability of grant funding was more favorable than anticipated, and the support required was \$1,084,441, which was \$115,504 less than budgeted.
- Support needed for the Traffic Divisions in the Street Maintenance Fund was \$7,266 lower than budget.
- The budgeted transfer from the General Fund to the Street Maintenance Fund was replaced by street impact fees.

In addition to the transfers affecting the General Fund, the Workers' Compensation Fund transferred approximately \$770,000 in excess funds to the Group Health Insurance Fund due to higher-than-anticipated costs in that fund.

General Fund Expenditures

Overall, General Fund expenditures were under the adopted FY 2016 budget amount by \$857,496, or 0.39%, as shown in the table below.

General Fund Departments	Budget	Actual	Variance
Aviation	\$ 937,830	\$ 873,120	\$ 64,710
Municipal Court	3,305,378	3,256,054	49,324
Finance	5,027,410	4,912,028	115,381
City Attorney's Office	3,917,088	3,708,407	208,681
City Manager's Office	1,096,522	1,049,146	47,376
Human Resources	2,991,984	2,912,278	79,706
Public Works and Transportation	11,012,122	10,914,237	97,885
Economic Development	658,584	625,808	32,776
Code Compliance	5,775,935	5,718,411	57,525
Library	7,275,610	7,176,310	99,300
Management Resources	3,570,695	3,567,265	3,430
Parks and Recreation	14,836,457	14,710,822	125,635
Information Technology	4,581,607	4,460,211	121,396
Judiciary	943,515	958,448	(14,933)
Internal Audit	572,571	567,837	4,734
Police	93,107,107	93,213,400	(106,293)
Fire	46,640,615	46,585,830	54,785
Community Devel. and Planning	6,767,209	6,707,847	59,362
Non-Departmental	8,876,720	8,926,415	(49,695)
PD, Presidential Protection Detail	-	193,587	(193,587)
Total, less Non-Departmental	\$ 213,018,236	\$ 212,111,045	\$ 907,191
Total	\$ 221,894,956	\$ 221,037,460	\$ 857,496

Position vacancies resulted in significant additional salary and benefit savings in FY 2016. The assumptions used in developing the FY 2016 Budget included an anticipated average of approximately 40 civilian vacancies; actual vacancies in the General Fund averaged 68 civilian positions during the year. Significant departmental variances from budget are discussed below.

Fire

The Fire Department ended FY 2016 under budget by \$54,785 (0.1%). The Operations and Prevention divisions were over budget in the aggregate by \$178,287, primarily due to lower-than-anticipated turnover. However, these overages were offset by savings in the Resource Management, Emergency Management, and Gas Well Response divisions, which were under budget in the aggregate by \$278,770. These savings were the result of partial grant reimbursement of employee salaries and various supply expenditures coming in under budget.

Library

The Library Department ended the fiscal year \$99,300 (1.4%) under budget. The Administration division exceeded its budget by \$59,224, primarily due to the costs associated with the two-year contract with the consultant hired to assist with the

Library's Capital Campaign, which was approved by Council during FY 2015. The remainder is due to minor overages in salaries and associated benefits, unanticipated vehicle maintenance, and the cost of printed materials. These overages were covered by savings in the Operations and Facility Management division (\$73,362 under budget), the Content Management and Virtual Experience division (\$18,482 under budget), and Information Services and Public Computing division (\$66,680 under budget). The savings in these divisions were realized through position vacancies, utility expenses that were about 20% under budget, and reductions in spending on library materials.

Code Compliance

The Code Compliance Department ended the year \$57,525 (1.0%) under budget. The Code Compliance Division was over budget by \$50,875 due primarily to the demolition of two properties that had been originally scheduled for demolition in FY 2017 (these projects were allowed to proceed because funds were available due to salary savings realized during the year). The Animal Services Division ended the year \$133,132 under budget due to higher-than-expected employee turnover, reduction of maintenance costs due to the purchase of new equipment, and savings on veterinary, janitorial, and other supplies.

Police

The Police Department ended the year over budget by \$106,292 (0.11%) primarily due to utility overages in the Fiscal Services division and increasing forensic lab testing costs incurred in the Technical Services division. Patrol Operations were under budget due to attrition. The department loses approximately 3.8 sworn positions a month. Additionally, expenditures associated with assisting the Dallas Police Department with the July 2016 shooting incident were initially incurred in this division but are shown separately in the FY 2016 Year-End Operating Position. Information Resources expenditures exceeded budget by \$66,227 as a result of additional overtime to address report backlogs and unanticipated equipment maintenance expenses. The Youth Support division exceeded budget by \$216,649 due to the mid-year addition of the Hometown Recruiting Officer position which was subsequently funded in the FY 2017 budget, as well as an additional Lieutenant position which was funded with savings created by attrition in Patrol.

Parks

The Parks Department was under budget by \$125,635 (0.8%) for the year. The Field Maintenance division was over budget by \$110,903 due to increased costs for electricity used for field lighting. However, the Forestry, North District, and South District divisions were under budget in the aggregate by \$332,347, primarily from savings on water usage due to higher-than-normal rainfall and salary savings achieved from position vacancies. The Recreation Program Administration division was under budget by \$25,219 due to the mid-year retirement of the Center Programs Manager and ensuing four-month vacancy.

Public Works and Transportation

The Public Works and Transportation Department ended the year under budget by \$97,885 (0.9%). This is largely due to significant salary savings resulting from position vacancies in the Public Works Administration, Construction Management, Traffic Engineering, and Engineering CIP divisions. These savings and minor savings in other

divisions were sufficient to cover the overage in Solid Waste Operations, which resulted from lack of turnover and greater than expected costs for consulting work related to the review of landfill operations, as well as the overage in Facility Services, which was due to non-routine maintenance including generator rental at the Municipal Tower, gate replacement at Ott Cribbs, water line repairs, and other fire system and HVAC repairs.

Economic Development

The Economic Development Department ended the year under budget by \$32,776 (5.0%). The savings is primarily attributable to lower-than-budgeted travel and training costs.

Community Development and Planning

The Community Development and Planning Department ended FY 2016 under budget by \$59,312 (0.9%). The Administration, Strategic Planning, Development Services, and Real Estate divisions were under budget in the aggregate by \$198,748, primarily due to savings from position vacancies and (in the Real Estate division) reduced costs for legal services. These savings were partially offset by overages in the Environmental Health division totaling \$140,701 due to expenditures for the West Nile Virus containment program.

City Manager's Office

The department ended the year \$47,376 (4.3%) under budget. The CMO had savings in sick-leave/vacation sellback expenses and out-of-town travel. The Mayor and Council's Office did not take its full allotment of cell phone allowances and spent less than anticipated for part-time/hourly salaries.

Judiciary

The department ended the year over budget by \$14,933 (1.6%). The overages are due to an increase in part-time salaries, specifically for judges.

City Attorney's Office

The department ended the year under budget by \$208,681 (5.3%). The Administration division was under budget due to utilizing contracted legal services less than anticipated. The Litigation and Municipal Law were under budget largely due to salary savings.

Human Resources

The department finished the year under budget by \$79,707 (2.7%). The Employee Operations division was under budget due to salary savings from vacant positions. The Employee Services Division was over budget due the salary and benefits for a Compensation Specialist being moved from another division.

Finance

The Finance Department finished the year under budget by \$115,381 (2.3%). The Administration division was under budget by \$19,292 due to savings on the external audit contract and lower-than-expected costs for professional services. The Purchasing division was under budget by \$50,930 due to a vacant Senior Purchasing Agent position. The OMB division achieved \$70,246 in savings from a position vacancy.

Management Resources

The Management Resources Department finished the year essentially at budget; under by \$3,430 (0.1%). The Office of Communication was over budget by \$42,342 due to higher-than-anticipated expenses for website maintenance and part-time salaries. This overage was offset by savings totaling \$44,760 in the Executive/Legislative Support and Intergovernmental Relations divisions, partially due to reduced costs for state legislative activities.

Non-Departmental

Overall, Non-Departmental expenditures were over budget by \$49,695 (0.6%). Terminal pay and related benefits (the budgets for which are located in Non-Departmental) exceeded budget by approximately \$478,000. The Non-Departmental Projects and Major Event Trust Fund divisions, with an aggregate budget of \$1,584,752, were used to support costs totaling \$1,596,000 associated with the new Central Library. However, these overages were partially offset by significant savings in electric and gas utilities, election costs, and payments to the Texas Workforce Commission.

Municipal Court

The department finished the year under budget by \$49,324 (1.5%), with significant savings in part-time/hourly salaries and reduced expenditures for printing and mailing services.

Other Operating Funds

Water Utilities Fund

Revenues in the Water Utilities Fund were \$2,444,475 (1.9%) greater than budgeted for the year. The most significant favorable variance was in Water Sales, which was over budget by approximately \$1.6 million as a result of an increase in customer water usage. Other Revenue was over budget by \$902,255 due to a positive settlement from the Trinity River Authority, and Special Services Charges exceeded budget by \$170,280 due to an increase in past-due fees. Water Impact fees were over budget by \$284,619 due to an increase in development throughout the City. Sewer Charges were lower than budgeted by approximately \$1.4 million and GIS Services were under budget by \$72,212 due to decreased assignments from Public Works and Community Development & Planning.

The fund ended the year under budget in expenditures by \$2,603,309 (2.4%). Administration finished \$2,703,837 under budget primarily due to a positive mid-year settlement from Tarrant Regional Water District. Customer Service ended the year \$114,980 under budget due to staffing vacancies. Water Treatment and Treatment Maintenance were both over budget due to an increase in chemical and maintenance costs. Field Operations and Operations Support were under budget due to staff vacancies and decreased maintenance for fire hydrants, sewer connections, and sewer/water mains.

The fund's year-end balance is \$1,279,767, which is \$1,272,681 higher than budget.

Convention and Event Services Fund

Revenues in this fund exceeded budget by a total of \$1,082,629 (10.2%). In particular, the fund benefitted from strong collections in hotel occupancy tax, which exceeded budget by \$434,243 (5.4%). Additionally, catering revenues exceeded budget by \$116,309 (41.1%) as well as audiovisual revenue which was over budget by \$51,083 (51.1%). The generally strong collections are attributable to a strengthening corporate event market, as well as several first-time event bookings at the Convention Center during the year. Special event parking exceeded budget by \$231,361 (42.1%), which is largely attributable to the Rangers' strong season and associated increases in attendance.

Expenditures in the fund were \$1,065,037 (11.0%) under budget. The Administration division came in \$386,413 (33.4%) under budget, due to savings of \$125,000 on hotel attraction and support activities, and savings of \$300,000 in Major Event Trust Fund budget that went unspent. The Parking Operations Division was 9.6% over budget since increased parking activity required additional parking staff but this was offset by the increased revenues. The Arts and Revitalization division was under budget by \$539,217 (54.1%). This is due to funding for the Gateway Signage project overseen by Community Development & Planning that was not encumbered during FY 2016, much of which has been rolled over to FY 2017.

The fund's year-end balance is \$2,833,049, which is \$2,313,049 more than budgeted.

Park Performance Fund

Park Performance Fund revenues were under budget by \$408,372 (3.9%) in FY 2016, primarily attributable to lower-than-anticipated revenues in the golf program, which were under budget by \$651,642 (13.2%). Golf revenues were significantly affected by inclement weather, fewer tournaments, a general decline in the number of rounds played, and the pending closure of Ditto golf course for renovations. Recreation revenues were over budget by \$133,278 (2.7%), with youth sports, programs for senior citizens, athletic center programs, and Hugh Smith Rec Center among the strong performers. Rental revenues at Lake Arlington were negatively affected by regional competition; lakes in the area that were closed last year due to 2015's severe flooding were reopened. Revenues from activities at the City's sports fields were over budget by \$109,992 (20.2%), largely attributable to fewer-than-normal rain-outs and the new Randol Mill Sports Initiative.

Expenditures in the fund were under budget by \$488,561 (4.1%), with golf program expenditures under budget by \$512,282 (10.3%), reflecting the lower number of rounds played during the year. In the aggregate, recreation programs and sports field expenditures were essentially at budget, over by \$23,721 (0.3%). Increased participation in youth sports programs required additional expenditures for sports officials, uniforms, supplies and online registration costs.

The fund's year-end balance is \$123,457, which is \$122,301 higher than budgeted.

Street Maintenance Fund

Revenues in the fund were less than budget by \$92,934 (0.6%), primarily due to sales tax receipts that were slightly less than expected. The fund's total expenditures were \$1,696,323 (7.4%) under budget. The Sales Tax Supported division came in under budget by \$1,288,389, primarily due to savings on concrete panel and sidewalk work, which were deferred into FY 2017. The Traffic Signs and Markings Division was under budget by \$95,045, primarily due to savings on expenditures for traffic signs and supplies, which were reduced in order to help cover the \$126,253 (6.3%) overage in the Street Light Maintenance division. This overage is the result of street light electricity costs that were greater than expected.

The budgeted interfund transfer from the General Fund into Street Maintenance did not occur and was replaced by a transfer in from street impact fees. The fund's year-end balance is \$3,058,684, which is \$1,960,907 higher than budgeted.

Storm Water Utility Fund

Revenues in the fund exceeded the budget by \$638,858 (4.9%), attributable to higher interest income and higher-than-anticipated drainage fee billing. The fund's expenditures came in under budget by \$118,996 (2.1%). The Administration division came in under due to salary savings resulting from several position vacancies. The Storm Water Management division's expenditures were over budget because of increased street sweeping costs associated with the new street sweeping contract, as well as non-target vehicle maintenance. The Environmental Management division was under budget by \$68,555 (14.3%), as a result of a position vacancy and savings from a portion of funding budgeted as a contingency for hazardous spill cleanup that was not needed.

The fund's year-end balance is \$325,704, which is \$78,808 higher than budgeted.

Information Technology Fund

This fund ended the year with revenues over budget by \$8,587. Expenditures in the fund were under budget by \$249,762 (2.8%). IT projects were under budget to allow funding to carry over to FY 2017 to finish several projects including the Parks Department's Online Registration Software project. Server support also finished the year \$136,848 under budget.

The fund's year-end balance is \$304,582, which is \$258,349 higher than budgeted.

Knowledge Services Fund

The Knowledge Services Fund ended the year with revenues under budget by \$150,672 (4.9%), largely due to revenues that were rebated to UTA from payments received from the university in FY 2014 and 2015. In addition, internal revenues for mail services, records management, and IRC services were under budget by \$44,274 in the aggregate. The fund's expenditures were \$48,863 (1.6%) over budget for the year, primarily attributable to invoices for Imagenet and Canon that were higher than expected, and the new online payment module for processing open records requests through WebQA.

These revenue shortfalls and expenditure overages resulted in a negative ending balance for the year, which necessitated an unbudgeted subsidy from the General Fund of \$58,000. With this subsidy, the fund's year-end balance is \$421, which is \$153,365 lower than budgeted.

Communication Services Fund

Communication Services finished the year with revenues essentially at budget; over by \$7,556 (0.1%), and expenditures under budget by \$425,426 (3.8%). Expenditure savings were attributable to a delay in implementation of the new radio system, a delay in the north tower lease increase, and the city of Fort Worth charging only a portion of the yearly cost of sharing their master radio site due to the radio system delay. The Dispatch Office also achieved salary and benefit savings from position vacancies during the year.

The fund's year-end balance is \$830,173, which is \$432,982 higher than budgeted.

Fleet Services Fund

Revenues in the fund came in above budget by \$262,701 (3.7%), as subrogation receipts and auction proceeds from the sale of vehicles were greater than anticipated. The fund's expenditures were \$782,070 (9.1%) under budget, primarily due to motor vehicle fuel savings of \$1,418,697 resulting from lower fuel costs. Expenditures on non-vehicle and non-fuel Fleet Services were over budget by \$862,846, due to an emergency fuel cleanup and associated groundwater testing (\$369,000), as well as the removal of the in-ground fuel tank and installation of an above-ground fuel tank at the South Service Center (\$324,523). The remainder is due to electric service and vehicle maintenance costs that were greater than expected, as well as consulting costs related to review of the Fleet Maintenance Contract.

The fund's year-end balance is \$1,545,688, which is \$1,424,720 higher than budgeted.

Debt Service Fund

The Debt Service Fund ended the year with revenues \$122,292 over budget (0.3%), and expenditures under budget by \$15,275 (0.03%). Ad valorem tax revenues were under budget by \$181,062 (0.5%); however, premiums received from bond issuances and interest revenues were over budget in the aggregate by \$303,354. The shortfall in ad valorem revenue was largely attributable to the value litigations discussed earlier in the report.

On the expenditure side, debt issuance fees were \$595,007 higher than budget due to a large debt refunding that had not been anticipated when the budget was adopted. Interest expense on FY 2017 issuances was over budget by \$544,055. However, the debt refunding resulted in significant savings in principal and interest payments for the year, which were \$1,117,487 lower than budget and essentially offset the overages.

The fund's year-end balance is \$2,388,899, which is \$366,441 lower than budgeted.

Conclusion

The General Fund ended FY 2016 under budget in expenditures by \$857,496, and under budget in revenues by \$1,425,774. Excluding the \$1.58 million in revenues budgeted (but not anticipated) for infrastructure and major event trust fund reimbursements, the fund's revenues were over budget by approximately \$159,000, a variance of only 0.07%. On the expenditure side, the fund was able to absorb \$193,587 in unbudgeted expenditures for police protective services related to the 2016 presidential campaign's activities in Dallas, and \$1,596,000 in budgeted, but not planned, Non-Departmental expenditures to supplement the funding available for the new Central Library. Without these unplanned costs, the General Fund would have finished the year approximately \$2.65 million under budget in expenditures.

As in FY 2015, external grant funding for Special Transit (Handitran) was more favorable than anticipated, which lowered the General Fund's subsidy for Handitran by \$115,504. In addition, the Street Maintenance Fund absorbed the cost of operations typically supported by a transfer from the General Fund, saving \$2,166,527 in interfund transfers. The sale of the APFA Fund also lowered transfers from the General Fund by \$511,995.

Note: As an internal service fund, Knowledge Services receives a significant portion of its revenues through transfers (known as "chargebacks") from other operating funds to support its operations. Any available balance at the beginning of each year is the result of expenditures that were lower than necessary in prior years. These resources are available in subsequent years to support expenditures that are higher than anticipated due to unforeseen circumstances and therefore do not require amending an internal service fund's budget for expenditure overages, unlike what would be required for the General Fund, enterprise funds, or special revenue funds.
