ARTICLE I**DEFINITIONS AND PROHIBITIONS****Section 1.01 Findings and Purpose**

- A. The Arlington City Council makes the following findings:
1. A nuisance is a condition which substantially interferes with the use and enjoyment of land by causing unreasonable discomfort or annoyance to persons of ordinary sensibilities attempting to use and enjoy land.
 2. A nuisance is a condition that may cause physical harm to property; physical harm to a person on his or her property; or emotional harm to a person from the deprivation of the enjoyment of his or her property, such as by fear, apprehension, offense, or loss of peace of mind.
 3. Whatever is dangerous to human health or welfare, or whatever renders the ground, water, air or food a hazard to human health is declared to be a nuisance;
 4. The condition of neglect of maintenance of property and the condition of vacant property both depreciate the enjoyment and use of the property in the immediate vicinity to such an extent that it is harmful to the community in which the property is situated.
 5. It is necessary to provide for the abatement of nuisance conditions in the interest of public necessity when such conditions are offensive or annoying to the senses and detrimental to property values and community appearance.
 6. It is further necessary to the extent of public necessity to provide for the abatement of nuisance conditions that interfere with the comfortable enjoyment of adjacent property or hazardous or injurious conditions detrimental to the health, safety or welfare of the general public.
- B. The purpose of this Chapter is to:
1. Promote the public health, safety and welfare by requiring a minimum level of maintenance of private property to protect the livability, appearance, and economic stability of the City.

NUISANCE

1.01

2. Protect the public from the health and safety hazards and the impairment of property values that result from the neglect and deterioration of property.
3. Eliminate property conditions that contribute to blighted neighborhoods.
4. Prevent the spread of disease.
5. Safeguard the health, safety and welfare of the people by maintaining property in a safe condition.
6. Reduce the threat to health, safety, welfare, and reduced economic value due to the decline in property conditions by delineating the circumstances under which such conditions may be considered illegal nuisances and therefore abated.
7. Abate nuisances in the best interest of the health, safety and welfare of the residents of the City because use and enjoyment of property or premises in proximity to one another depends upon maintenance of those properties free of nuisance conditions, and to provide for the administration and enforcement of this chapter and to provide penalties for its violation.

ARTICLE IV

ABATEMENT

Section 4.01 Purpose

The City of Arlington desires that property be maintained in an attractive and pleasant manner free of all nuisances. Premises that become unattractive because of high vegetation or other nuisance invite deterioration, vandalism and infestation and undermine the integrity of the neighborhoods and commercial areas where they exist. The procedures set forth in Nuisance Chapter Article IV in the City of Arlington Code of Ordinances apply to the abatement of all nuisances, unless otherwise specified.

Section 4.02 Abatement by Owner - Duty

It shall be the duty of the owner, occupant or person otherwise having supervision or control of any lot, tract or parcel of land or portion thereof, or any building or portion thereof, whether occupied or unoccupied, improved or unimproved, on or in which any condition declared to be a nuisance under the terms of this Code of Ordinances is found to exist, to remove or cause to be removed the prohibited nuisance at no cost to the City of Arlington. Failure to so remove or cause to be removed such a nuisance after notice to do so by City shall constitute a misdemeanor offense.

Section 4.03 Abatement by City

Whenever any nuisance, as declared under the terms of this Code of Ordinances, with the exception of Section 2.02(A), Graffiti, is found to exist, and no owner, occupant or person otherwise having supervision or control of the premises containing such nuisance can be located, or when immediate abatement of said nuisance is deemed necessary by the City of Arlington for the public health, safety and general welfare of its citizens, the City shall initiate the abatement process in accordance with Section 4.04 below. Costs associated with such nuisance abatement shall be borne by the owner, occupant or other person in control of the premises.

Section 4.04 Abatement Procedure

- A. If any owner shall fail to comply with the provisions of Section 4.02 above, said person may, in addition to being charged with a violation of this Chapter, be given notice to comply with the provisions of Section 4.02 above. The notice shall contain a statement explaining the right of the owner to request a hearing for the purpose of determining whether the conditions constitute a nuisance under this Chapter. The notice shall be given by letter addressed and delivered to such person either by mailing it to the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located or by personal delivery. If notice cannot be made in such manner, the notice shall be given by publication at least once, or by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the violation relates, if the property contains no buildings. If the notice is mailed to the property owner in accordance with this section and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered. If the notice is given by mail, the date of notice is the date of delivery. If the date of delivery is not known, then notice given by mail is deemed to be delivered three (3) days after the date mailed. If notice is made by publication, the publication shall be in a newspaper of general circulation in the community.
- B. An owner, after notice required in Subsection (A) above, shall respond to the notice before the expiration of seven (7) days from the date the notice has been mailed and delivered or personally delivered or published or posted.
1. If the Administrator has not received a timely request for a hearing, the City of Arlington may enter the premises containing the nuisance condition as allowed by law in accordance with this section and do or cause to be done any work necessary to bring such premises into compliance with this Chapter.

2. If the Administrator has received a request for hearing, the following shall occur:
 - a. The Administrator will schedule a hearing within five (5) days after the date the request is filed unless the parties agree to a certain date beyond the five (5) days. The owner request for hearing must contain an address and a phone number where notice of hearing can be provided. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the Administrator and subject to approval by the City Attorney.
 - b. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance exist, the Hearing Officer shall give written notice of the findings in an abatement order to the owner that, unless the conditions are abated or the order is appealed within three (3) days from the date of the order, the City may enter upon the property as allowed by law in accordance with this section and do or cause to be done any work necessary to bring such premises into compliance with this Chapter.
 - c. The determination of the Hearing Officer shall be final unless timely appealed by the owner to a court of competent jurisdiction within three (3) days from the date of receipt of the abatement order. The filing of such appeal shall have the effect of staying the order pending a judicial determination of the appeal unless the nuisance condition is reasonably determined by the Hearing Officer to be an immediate threat to health or safety.
- C. In a notice provided under this section, the City may also include terms of an annual notice which conforms to this subsection and Chapter 342 of the Texas Health and Safety Code, except as otherwise noted in this Code of Ordinances. The annual notice terms shall inform the owner by regular mail and a posting on the property that, if the owner commits another violation of the same kind or nature that poses a danger to the public

NUISANCE

4.04

health and safety on or before the first anniversary of the date of the notice, the City without further notice may correct the violation at the owner's expense and assess the expense against the property. If a violation covered by the terms of the annual notice occurs within the one-year period, and the City has not been informed in writing by the owner of an ownership change, then the City without further notice may do the work or make the improvements required and pay for the work done or improvements made and charge the expenses to the owner of the property as provided in this section.

- D. The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper and the Administrative Fee as set by resolution of City Council for City administrative expenses, shall be initially paid by the City of Arlington and charged to the owner of such property, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, second only to tax liens and liens for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%) from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Administrator, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by the City of Arlington. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements as particularly specified in the Texas Health and Safety Code §342.007. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter. (Amend Ord 07-098, 12/18/07)
- E. Any police officer of the City of Arlington or any other peace officer is empowered to stop the transportation of and detain any nuisance found being

- transported illegally until the appropriate officials which are hereinafter designated can be notified in order that the said nuisance may be seized and destroyed in accordance with the terms of this section.
- F. Notwithstanding any penal, lien or notice provisions of this ordinance, the City Attorney of the City of Arlington is authorized to file suit on behalf of said City for such injunctive relief as may be necessary to prevent unlawful storage, transportation, keeping or using of a nuisance and to aid the hereinafter designated officials in the discharge of their duties and to particularly prevent any person from interfering or attempting to interfere with the seizure and destruction of such nuisance.
- G. The hereinafter designated officials are hereby authorized to enter the public areas of any building or premises, not a private residence or dwelling, at all reasonable times where the unlawful presence of a nuisance is suspected, in order to inspect the same for the presence of such nuisance or to abate or destroy the nuisance, if such building or premises are occupied and conducting business. Such official shall first present proper credentials and demand entry, unless otherwise permitted by law. If such building or premises are unoccupied, a reasonable effort shall be made to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, or if no owner or other person having charge or control of the building or premises can be located, or the area to be inspected is not a public area, the hereinafter designated officials shall have recourse to every remedy provided by law to secure entry.

ARTICLE VIII

GRAFFITI

Section 8.01 Legislative Findings

The City of Arlington recognizes that graffiti that is visible from a public place, public right-of-way, or the property of others is detrimental to the safety and welfare of the public, invites vandalism, additional graffiti, and other criminal activities, tends to reduce the value of private property, and produces property blight adverse to the maintenance and continuing development of the City of Arlington. The City of Arlington desires to prevent the spread of graffiti vandalism and to establish a program for the removal of graffiti from public and private property.

The City Council finds that graffiti is a public nuisance and destructive of the rights and values of property owners as well as the entire community. Other properties then become the target of graffiti, and entire neighborhoods are affected and become less desirable places in which to be, all to the detriment of the city.

The City Council intends, through the adoption of this Article, to provide additional enforcement tools to protect public and private property from acts of graffiti vandalism and defacement. The Council does not intend for this Article to conflict with any existing anti-graffiti state laws.

Section 8.02 Graffiti Removal Requirement, Offense

- A. It shall be the duty of the owner of any tangible property to remove or cause to be removed all graffiti from the property that is visible from any public property or right-of-way or from any private property other than the property on which the graffiti exists.
- B. A property owner commits an offense by failing to remove or cause to be removed graffiti from the owner's property within fifteen (15) days after receipt of notice from the City to do so.
- C. It is an exception from the requirement that an owner of property remove or cause to be removed graffiti from the property if the graffiti is located on

transportation infrastructure and the removal of the graffiti would create a hazard for the person performing the removal. (Amend Ord 09-064, 10/13/09)

Section 8.03 Offer, Notice and Abatement

A. Offer. Whenever graffiti is found to exist, the City may offer to remove the graffiti from the owner's property free of charge.

1. The City shall offer to remove the graffiti free of charge to the property owner by personal delivery of the written offer to the owner, by posting the offer on or near the front door on the property to which the offer relates, by posting the offer on a placard attached to a stake driven into the ground on the property to which the offer relates or by sending an offer letter by first class mail that is addressed to the owner at the owner's address as contained in the records of the appraisal district in which the property is located. If the City's offer cannot be made in such manner, the offer shall be made by publication at least once in a newspaper of general circulation in Tarrant County or the City. If the offer is made by personal delivery, the date of the offer is the date of delivery. If the offer is made by posting on or near the front door or by posting on a placard, the date of the offer is the date the offer was posted. If the offer is made by mail and the United States Postal Service returns the offer as "refused" or "unclaimed", the validity of the offer is not affected. If the offer is made by mail, the date of the offer is deemed to be three (3) days after the date mailed. If the offer is made by publication, the date of the offer is the date of publication.
2. The owner has three (3) days from the date of the offer to accept or refuse the City's offer. The owner may accept the City's offer by timely filing written acceptance with the Administrator on the form prescribed by the Administrator. Failure of the owner to timely file with the Administrator written acceptance of the City's offer shall constitute a refusal of the City's offer. If the owner accepts the City's offer, the City may enter upon the property as allowed by law and do or

cause to be done any work necessary to bring the property into compliance with this Article. If the owner refuses the City's offer by filing a written refusal or by failing to timely file with the Administrator written acceptance of the City's offer, the owner shall be given notice to comply with Section 8.02.

- B. Notice. After offer by the City to remove the graffiti for free and refusal by the property owner of the City's offer, the owner shall be given notice to comply with Section 8.02 and to remove or cause to be removed the graffiti within fifteen (15) days from receipt of the notice. The notice shall contain a statement explaining the owner's right to request a hearing for the purpose of determining whether the conditions constitute a public nuisance under this Article. The notice shall be given personally to the owner in writing or by letter sent by certified mail, return receipt requested, addressed to the property owner at the property owner's address as contained in the records of the appraisal district in which the property is located. If notice cannot be given in such manner, the notice shall be given by publication at least once in a newspaper of general circulation in Tarrant County or the City, by posting the notice on or near the front door of each building on the property to which the notice relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the notice relates. For notice given by personal delivery, the notice is deemed received on the date of delivery. For notice given by posting on or near the front door or by posting on a placard, the notice is deemed received the date the notice was posted. If notice is given by mail and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected. If the notice is given by mail, the notice is deemed received three (3) days after the date mailed. If the notice is made by publication, the notice is deemed received on the date of publication.
- C. Abatement. After the expiration of fifteen (15) days from the date the owner received the notice and where the Administrator has not received a timely request for a hearing, the City of Arlington may enter upon the property as allowed by law and do or cause to be done any work necessary to bring such premises into compliance with this Article.

D. Hearing.

1. If, within fifteen (15) days after the date the owner received the notice, the owner files with the Administrator a written request for a hearing, the Administrator will schedule a hearing within five (5) days after the date the request is filed unless the parties agree to a certain date beyond the five (5) days. The owner's request for hearing must contain an address and a phone number where notice of hearing can be given. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the Administrator and subject to approval by the City Attorney.
2. The determination of the Hearing Officer after the hearing shall be final and not appealable. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance hereunder exist, the Hearing Officer shall give written notice in an abatement order that, unless the graffiti is removed within fifteen (15) days from the date the owner receives the notice given pursuant to Section 8.03(B) or within two (2) days from the date of the abatement order, whichever is later, the City may enter upon the property and do or cause to be done any work necessary to bring such premises into compliance with this Article.
(Amend Ord 09-064, 10/13/09)

Section 8.04 Assessment of Expenses

The expense incurred in correcting the condition of such property, including the cost of delivering, posting notice, publishing notice in the newspaper, and the City's administrative expenses, shall be initially paid by the City of Arlington and charged to the owner of such property as fees in an amount established by City Council Resolution, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. To obtain a lien against the property for expenses incurred in correcting the condition of graffiti on the property, the Administrator shall file a statement of expenses with the County Clerk of Tarrant County. The statement of expenses shall contain the name of

the property owner, if known, the legal description of the property, and the amount of expenses incurred in correcting the condition on the property. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, subordinate only to any previously recorded lien, and the rights of a purchaser or lender for value who acquires an interest in the property subject to the lien before the statement of expenses is filed. Such amount shall bear interest at the rate of ten percent (10%) or such rate allowed by law from the date the City of Arlington incurs the expenses. The statement of expenses filed with the Tarrant County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter. (Amend Ord 09-064, 10/13/09)

Section 8.05 Responsibility of Parent or Guardian for Graffiti Created By Minor

Section 8.06 Possession of Aerosol Paint by Minor

- A. Possessing Aerosol Paint. It shall be unlawful for a minor to possess aerosol paint of any sort or character.
- B. Affirmative Defense. It shall be an affirmative defense to a violation of Section 8.06(A) that, at the time of possession, the minor was accompanied or supervised by a parent or guardian, a teacher in connection with a bona fide school project, a supervisor during the minor's regular employment, or that the minor possessed the aerosol paint on the property on which he or she lives or that the possession occurred as part of an organized event sponsored or supervised by the City, a school, a church or some other officially recognized entity.

Section 4.03 Abatement Procedure

- C. In a notice provided under this section, the City may also include terms of an annual notice which conforms to this subsection. The annual notice terms shall inform the owner by regular mail and a posting on the property that, if the owner commits another violation of the same kind or nature that poses a danger to the

public health and safety on or before the first anniversary of the date of the notice, the City without further notice may correct the violation at the owner's expense and assess the expense against the property. If a violation covered by the terms of the annual notice occurs within the one-year period, and the City has not been informed in writing by the owner of an ownership change, then the City without further notice may do the work or make the improvements required and pay for the work done or improvements made and charge the expenses to the owner of the property as provided in this section.

- D. The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper, shall be initially paid by said City and charged to the owner of such property, and said City may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, said City shall have a privileged lien on such property, second only to tax liens and liens for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%) from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Director of Community Development or his designee, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by said City. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements as particularly specified in the Texas Health and Safety Code §342.007. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.
- E. Any police officer of the City of Arlington or any other peace officer is empowered to stop the transportation of and detain any nuisance found being transported illegally until the appropriate officials which are hereinafter designated can be notified in

order that the said nuisance may be seized and destroyed in accordance with the terms of this section.

- F. Notwithstanding any penal, lien or notice provisions of this ordinance, the City Attorney of the City of Arlington is authorized to file suit on behalf of said City for such injunctive relief as may be necessary to prevent unlawful storage, transportation, keeping or using of a nuisance and to aid the hereinafter designated officials in the discharge of their duties and to particularly prevent any person from interfering or attempting to interfere with the seizure and destruction of such nuisance.
- G. The hereinafter designated officials are hereby authorized to enter the public areas of any building or premises, not a private residence or dwelling, at all reasonable times where the unlawful presence of a nuisance is suspected, in order to inspect the same for the presence of such nuisance or to abate or destroy the nuisance, if such building or premises are occupied and conducting business. Such official shall first present proper credentials and demand entry, unless otherwise permitted by law. If such building or premises are unoccupied, a reasonable effort shall be made to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, or if no owner or other person having charge or control of the building or premises can be located, or the area to be inspected is not a public area, the hereinafter designated officials shall have recourse to every remedy provided by law to secure entry.

Further, Article IV is hereby amended through the amendment of **Section 4.04, Authority to Enforce Chapter**, so that hereafter said section shall be and read as follows:

Section 4.04 Authority to Enforce Chapter

Any police officer of the

City shall also enforce the terms and conditions of this Chapter when a violation occurs.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed **Two Thousand and No/100 Dollars (\$2000)** for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in

addition to any penal provision in this ordinance or in the Code of the City of Arlington.

4. In a prosecution under this section, it is presumed that the registered owner of the Vehicle for Sale is the person who parked the Vehicle for Sale at the time and place the offense occurred.

D. Exemptions

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

ARTICLE IV

ABATEMENT

Section 4.01 Purpose

The City of Arlington desires that property be maintained in an attractive and pleasant manner free of all nuisances. Premises that become unattractive because of high vegetation or other nuisance invite deterioration, vandalism and infestation and undermine the integrity of the neighborhoods and commercial areas where they exist. The procedures set forth in Nuisance Chapter Article IV in the City of Arlington Code of Ordinances apply to the abatement of all nuisances, unless otherwise specified.

Section 4.02 Abatement by Owner - Duty

It shall be the duty of the owner, occupant or person otherwise having supervision or control of any lot, tract or parcel of land or portion thereof, or any building or portion thereof, whether occupied or unoccupied, improved or unimproved, on or in which any condition declared to be a nuisance under the terms of this Code of Ordinances is

found to exist, to remove or cause to be removed the prohibited nuisance at no cost to the City of Arlington. Failure to so remove or cause to be removed such a nuisance after notice to do so by City shall constitute a misdemeanor offense.

Section 4.03 Abatement by City

Whenever any nuisance, as declared under the terms of this Code of Ordinances, with the exception of Section 2.02(A), Graffiti, is found to exist, and no owner, occupant or person otherwise having supervision or control of the premises containing such nuisance can be located, or when immediate abatement of said nuisance is deemed necessary by the City of Arlington for the public health, safety and general welfare of its citizens, the City shall initiate the abatement process in accordance with Section 4.04 below. Costs associated with such nuisance abatement shall be borne by the owner, occupant or other person in control of the premises.

Section 4.04 Abatement Procedure

- A. If any owner, occupant or person otherwise having supervision or control of any lot, tract or parcel of land or portion thereof, or any building or portion thereof, shall fail to comply with the provisions of Section 4.02 above, said person may, in addition to being charged with a violation of this Chapter, be given notice to comply with the provisions of Section 4.02 above. Said notice shall be given by letter addressed and delivered to such person either by mailing it to the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located or by personal delivery. If notice cannot be made in such manner, said notice shall be given by publication at least once, or by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the violation relates, if the property contains no buildings. If the notice is mailed to the property owner in accordance with this

section and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered. If the notice is given by mail, the date of notice is the date of delivery. If the date of delivery is not known, then notice given by mail is deemed to be delivered three (3) days after the date mailed. If notice is made by publication, the publication shall be in a newspaper of general circulation in the community.

- B. After the expiration of seven (7) days from the date the notice required in Subsection (A) above has been mailed and delivered or personally delivered, or published or posted, the City of Arlington may enter the premises containing the nuisance condition in accordance with this section and do or cause to be done any work necessary to bring such premises into compliance with this Chapter.
- C. In a notice provided under this section, the City may also include terms of an annual notice which conforms to this subsection, except as otherwise noted in this Code of Ordinances. The annual notice terms shall inform the owner by regular mail and a posting on the property that, if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of the notice, the City without further notice may correct the violation at the owner's expense and assess the expense against the property. If a violation covered by the terms of the annual notice occurs within the one-year period, and the City has not been informed in writing by the owner of an ownership change, then the City without further notice may do the work or make the improvements required and pay for the work done or improvements made and charge the expenses to the owner of the property as provided in this section.
- D. The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper, shall be initially paid by the City of Arlington and charged to the owner of such property, and the City of Arlington may cause the expense

thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, second only to tax liens and liens for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%) from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Administrator, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by the City of Arlington. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements as particularly specified in the Texas Health and Safety Code §342.007. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.

- E. Any police officer of the City of Arlington or any other peace officer is empowered to stop the transportation of and detain any nuisance found being transported illegally until the appropriate officials which are hereinafter designated can be notified in order that the said nuisance may be seized and destroyed in accordance with the terms of this section.

- F. Notwithstanding any penal, lien or notice provisions of this ordinance, the City Attorney of the City of Arlington is authorized to file suit on behalf of said City for such injunctive relief as may be necessary to prevent unlawful storage, transportation, keeping or using of a nuisance and to aid the hereinafter designated officials in the discharge of their duties and to particularly prevent any person from interfering or attempting to interfere with the seizure and destruction of such nuisance.

- G. The hereinafter designated officials are hereby authorized to enter the public areas of any building or premises, not a private residence or dwelling, at all reasonable times where the unlawful presence of a nuisance is suspected, in order to inspect the same for the presence of such nuisance or to abate or destroy the nuisance, if such building or premises are occupied and conducting business. Such official shall first present proper credentials and demand entry, unless otherwise permitted by law. If such building or premises are unoccupied, a reasonable effort shall be made to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, or if no owner or other person having charge or control of the building or premises can be located, or the area to be inspected is not a public area, the hereinafter designated officials shall have recourse to every remedy provided by law to secure entry.

JUNKED VEHICLES

Section 6.01 Purpose

The City of Arlington believes that junked, abandoned, and/or legally unusable vehicles in public view are a detriment to the quality of life of Arlington residents and inhibit commerce. The presence of these vehicles erodes the integrity of the neighborhoods where they exist and undermines the safety, atmosphere and environment where family life and commerce takes place.

Section 6.03 Junked Vehicles Declared a Public Nuisance

A junked vehicle, including a part of a junked vehicle, that is visible at any time of the year from a public place or public right-of-way is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, invites vandalism, creates a fire hazard, is an attractive nuisance creating a hazard to the health and safety of minors, and is detrimental to the economic welfare of the City by producing urban blight which is adverse to the maintenance and continuing development of the City, and such vehicles are therefore declared to be a public nuisance.

Section 6.04 Offense

- A. A person commits an offense if the person maintains a public nuisance described by Section 6.03 of this Chapter.

 - 3. are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.

Section 6.06 Procedure for Disposition of Junked Vehicles

The procedure for the abatement and removal of a junked vehicle or part thereof, as a public nuisance, from private property, public property, or public right-of-way shall be as follows:

- A. After a determination is made by the Director of Community Services or his designee that a particular vehicle is a junked vehicle or after an order issued by the municipal court pursuant to Section 6.04(C), there shall be furnished not less than ten (10) days notice, stating the nature of the public nuisance on private property and that it must be removed and abated not later than the 10th day after the date on which the notice was personally delivered or mailed and further that a request for a hearing must be made before expiration of said ten (10) day period, such notice to be personally delivered or sent by certified mail with a five (5) day return requested, to the last known registered owner of the junked vehicle and all lien holders of record and to the owner or the occupant of the private premises whereupon such public nuisance exists. If the post office address of the last known registered owner of the nuisance is unknown, notice may be placed on the nuisance or, if the owner is located, personally delivered. If the notice is returned undelivered by the United States Post Office, official action to abate said nuisance shall be continued to a date not earlier than the 11th day after the date of such return.
- B. There shall be furnished not less than ten (10) days' notice, stating the nature of the public nuisance on public property or on public right-of-way and that it must be removed and abated not later than the 10th day after the date on which the notice was personally delivered or mailed and further that a request for hearing must be made before expiration of said ten (10) day period, such notice to be personally delivered or mailed by certified mail with a five (5) day return requested, to the last known registered owner of the junked vehicle and all lien holders of record and, if on public right-of-way, to the owner or occupant of the property adjacent to the public right-of-way whereupon such public nuisance exists. A Judge of the Municipal Court of the City of Arlington may issue necessary orders to enforce the procedures for the abatement and removal of a public nuisance under this Article.
- E. The relocation of a junked vehicle that is a public nuisance to another location within the City, after a proceeding for the abatement and removal of such junked vehicle has commenced, has no effect on the proceeding if the junked vehicle constitutes a public nuisance at the new location.
- F. Notice must be given to the State Department of Highways and Public Transportation not later than the fifth (5th) day after the date of removal identifying the vehicle or part thereof. Said Department shall

cancel the certificate of title issued for the vehicle immediately on receipt of such notice.

The administration of the procedures herein shall be by the Community Services Department and Police Department of the City of Arlington, Texas, and by such other regularly salaried, full-time City employees as may be from time-to-time granted authority by the City's governing body to enforce this ordinance, except that the removal of junked vehicles or parts thereof from property may be by any duly authorized person.
- H. A citation may be issued and a complaint may be filed in the Municipal Court of the City of Arlington for the violation of maintaining a public nuisance, if the nuisance is not removed and abated and a hearing is not requested within the ten (10) day period provided in Subsections (A) and (B).

Section 6.07 Disposal of Junked (Inoperable) Vehicles

A junked vehicle or part thereof may be disposed of by removal to a scrapyard, a motor vehicle demolisher, or any suitable site operated by the City, for processing as scrap or salvage pursuant to authority provided in the Texas Transportation Code, § 683.078 or any successor statute for junked vehicle disposal.

The authority to inspect shall include but not be limited to the authority to examine vehicles or parts thereof, obtain information as to identity of vehicles and to remove or cause the removal of a vehicle or part thereof declared to be a nuisance. If such building or premises be occupied

and involved in conducting business, he shall first present proper credentials and demand entry, unless otherwise permitted by law. Section 7.02 Public Parking of Vehicle for Sale Prohibited

A. Vehicle for Sale Parked in Unauthorized Location Declared a Public Nuisance. A Vehicle for Sale, when parked in an unauthorized location where it is visible from a public place or public right-of-way:

1. is detrimental to the safety and welfare of the general public,
2. tends to attract attention of passers-by on roadways where slowing traffic presents a hazard to motorists and to pedestrians,
3. leads drivers to enter onto the premises where the Vehicle for Sale is parked even when no legitimate paved access exists,
4. invites customer inspection in unprotected settings where inspection may be unsafe near moving traffic lanes,
5. contributes to a proliferation of vehicles parked in areas not generally designed for parking, such as vacant lots and other unpaved areas,
6. entices further misuse of an unauthorized location, paved or unpaved, for vehicle sales by other persons with Vehicles for Sale,
7. produces deleterious effects on the exercise of lawful vehicle sales at legitimate, authorized locations,

8. produces urban blight which is adverse to the maintenance and continuing development of the City, and

such Vehicles for Sale are therefore declared to be a public nuisance.

B. Offense

1. A person commits an offense when the person maintains a public nuisance described in Section 7.02(A):

ARTICLE VIII

GRAFFITI

Section 8.01 Legislative Findings

The City of Arlington recognizes that graffiti that is visible from a public place, public right-of-way, or the property of others is detrimental to the safety and welfare of the public, invites vandalism, additional graffiti, and other criminal activities, tends to reduce the value of private property, and produces property blight adverse to the maintenance and continuing development of the City of Arlington. The City of Arlington desires to prevent the spread of graffiti vandalism and to establish a program for the removal of graffiti from public and private property.

The City Council finds that graffiti is a public nuisance and destructive of the rights and values of property owners as well as the entire community. Other properties then become the target of graffiti, and entire neighborhoods are affected and become less desirable places in which to be, all to the detriment of the city.

The City Council intends, through the adoption of this Article, to provide additional enforcement tools to protect public and private property from acts of graffiti vandalism and defacement. The Council does not intend for this Article to conflict with any existing anti-graffiti state laws.

Section 8.02 Graffiti Removal Requirement, Offense

- A. It shall be the duty of the owner of any tangible property to remove or cause to be removed all graffiti

from the property that is visible from any public property or right-of-way or from any private property other than the property on which the graffiti exists.

- B. Failure to remove or cause to be removed graffiti within forty-eight (48) hours after notice to do so by the City shall constitute an offense.

Section 8.03 Notice and Abatement by City

- A. Notice. Whenever graffiti is found to exist, the owner shall be given notice to comply with Section 8.02 above. The notice shall contain a statement explaining the owner's right to request a hearing for the purpose of determining whether the conditions constitute a public nuisance under this Article. The notice shall be given by letter addressed and delivered to the owner either by mailing it to the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located or by personal delivery. If notice cannot be made in such manner, the notice shall be given by publication at least once, or by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the violation relates, if the property contains no buildings. If the notice is mailed to the property owner in accordance with this section and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered. If the notice is given by mail, the date of notice is the date of delivery. If the date of delivery is not known, then notice given by mail is deemed to be delivered three (3) days after the date mailed. If notice is made by publication, the publication shall be in a newspaper of general circulation in the community.

- B. Abatement. After the expiration of seven (7) days from the date the notice required in Subsection (A) above has been mailed and delivered or personally delivered, or published or posted, and where the Administrator has not received a request for a

hearing, the City of Arlington may enter upon the property as allowed by law and do or cause to be done any work necessary to bring such premises into compliance with this Article.

C. Hearing.

1. If, within seven (7) days after the date the notice regarding the removal of graffiti is sent, the owner files with the Administrator a written request for a hearing, the Administrator will schedule a hearing within five (5) days after the date the request is filed. The request for hearing must contain an address and a phone number where notice of hearing can be given. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the Administrator and subject to approval by the City Attorney.
2. The determination of the Hearing Officer after the hearing shall be final and not appealable. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance hereunder exist, the Hearing Officer shall give written notice in an abatement order that, unless the graffiti is removed within two (2) days from the date of the order, the City may enter upon the property and do or cause to be done any work necessary to bring such premises into compliance with this Article.

Section 8.04 Assessment of Expenses

The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper, shall be initially paid by the City of Arlington and charged to the owner of such property, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, second only to tax liens and liens

for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%), or such rate allowed by law, from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Administrator, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by the City of Arlington. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.

Section 8.05 Responsibility of Parent or Guardian for Graffiti Created By Minor

A parent or guardian of a minor commits an offense if he or she intentionally, knowingly, recklessly or with criminal negligence permits the minor to create graffiti on tangible property in the City without the property owner's consent.

Section 8.06 Possession of Aerosol Paint by Minor

- A. Possessing Aerosol Paint. It shall be unlawful for a minor to possess aerosol paint of any sort or character.
- B. Affirmative Defense. It shall be an affirmative defense to a violation of Section 8.06(A) that, at the time of possession, the minor was accompanied or supervised by a parent or guardian, a teacher in connection with a bona fide school project, a supervisor during the minor's regular employment, or that the minor possessed the aerosol paint on the property on which he or she lives or that the possession occurred as part of an organized event sponsored or supervised by the City, a school, a church or some other officially recognized entity.

Section 8.07 Enforcement

- A. Enforcement. It shall be the duty of the Director of Community Services, the Chief of Police, the Fire Chief, the Director of Public Works and Transportation, the Director of Community Development and Planning, and their designees, to enforce this ordinance. Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this Article shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined an amount not to exceed Five Hundred and No/100 Dollars (\$500.00) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.
- B. Affirmative Defenses. It is an affirmative defense to prosecution under this Article that no notice was served on the property owner, in compliance with Section 8.03.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed Two Thousand and No/100 Dollars (\$2000) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be

unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

7.

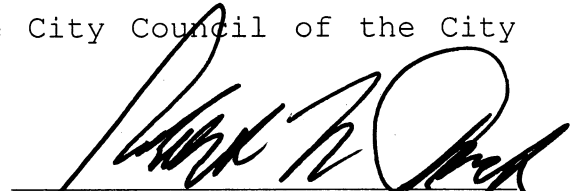

The caption and penalty clause of this ordinance shall be published in a newspaper of general circulation in the City of Arlington, in compliance with the provisions of Article VII, Section 15, of the City Charter. Further, this ordinance may be published in pamphlet form and shall be admissible in such form in any court, as provided by law.

8.

This ordinance shall become effective ten days after first publication as described above.

Ordinance No. 07-045

An ordinance amending the "Nuisance" Chapter of the Code of the City of Arlington, Texas, 1987, relative to findings, nuisance definitions, the process of eliminating nuisance conditions that contribute to unsafe neighborhoods, updating the chapter, and organizing various sections; providing for a fine of up to \$2000 for each offense in violation of the ordinance; providing this ordinance be cumulative; providing for severability; providing for governmental immunity; providing for injunctions; providing for publication and becoming effective ten days after first publication

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ARLINGTON, TEXAS:

1.

That the "Nuisance" Chapter of the Code of the City of Arlington, Texas, 1987, is hereby amended to read as follows:

ARTICLE I

DEFINITIONS AND PROHIBITIONS

Section 1.01 Findings and Purpose

A. The Arlington City Council makes the following findings:

1. A nuisance is a condition which substantially interferes with the use and enjoyment of land by causing unreasonable discomfort or annoyance to persons of ordinary sensibilities attempting to use and enjoy land.
2. A nuisance is a condition that may cause physical harm to property; physical harm to a person on his or her property; or emotional harm to a person from the deprivation of the enjoyment of

his or her property, such as by fear, apprehension, offense, or loss of peace of mind.

3. Whatever is dangerous to human health or welfare, or whatever renders the ground, water, air or food a hazard to human health is declared to be a nuisance;
4. The condition of neglect of maintenance of property and the condition of vacant property both depreciate the enjoyment and use of the property in the immediate vicinity to such an extent that it is harmful to the community in which the property is situated.
5. It is necessary to provide for the abatement of nuisance conditions in the interest of public necessity when such conditions are offensive or annoying to the senses and detrimental to property values and community appearance.
6. It is further necessary to the extent of public necessity to provide for the abatement of nuisance conditions that interfere with the comfortable enjoyment of adjacent property or hazardous or injurious conditions detrimental to the health, safety or welfare of the general public.

B. The purpose of this Chapter is to:

1. Promote the public health, safety and welfare by requiring a minimum level of maintenance of private property to protect the livability, appearance, and economic stability of the City.
2. Protect the public from the health and safety hazards and the impairment of property values that result from the neglect and deterioration of property.
3. Eliminate property conditions that contribute to blighted neighborhoods.
4. Prevent the spread of disease.
5. Safeguard the health, safety and welfare of the people by maintaining property in a safe condition.

6. Reduce the threat to health, safety, welfare, and reduced economic value due to the decline in property conditions by delineating the circumstances under which such conditions may be considered illegal nuisances and therefore abated.
7. Abate nuisances in the best interest of the health, safety and welfare of the residents of the City because use and enjoyment of property or premises in proximity to one another depends upon maintenance of those properties free of nuisance conditions, and to provide for the administration and enforcement of this chapter and to provide penalties for its violation.

ARTICLE IV

ABATEMENT

Section 4.01 Purpose

The City of Arlington desires that property be maintained in an attractive and pleasant manner free of all nuisances. Premises that become unattractive because of high vegetation or other nuisance invite deterioration, vandalism and infestation and undermine the integrity of the neighborhoods and commercial areas where they exist. The procedures set forth in Nuisance Chapter Article IV in

the City of Arlington Code of Ordinances apply to the abatement of all nuisances, unless otherwise specified.

Section 4.02 Abatement by Owner - Duty

It shall be the duty of the owner, occupant or person otherwise having supervision or control of any lot, tract or parcel of land or portion thereof, or any building or portion thereof, whether occupied or unoccupied, improved or unimproved, on or in which any condition declared to be a nuisance under the terms of this Code of Ordinances is found to exist, to remove or cause to be removed the prohibited nuisance at no cost to the City of Arlington. Failure to so remove or cause to be removed such a nuisance after notice to do so by City shall constitute a misdemeanor offense.

Section 4.03 Abatement by City

Whenever any nuisance, as declared under the terms of this Code of Ordinances, with the exception of Section 2.02(A), Graffiti, is found to exist, and no owner, occupant or person otherwise having supervision or control of the premises containing such nuisance can be located, or when immediate abatement of said nuisance is deemed necessary by the City of Arlington for the public health, safety and general welfare of its citizens, the City shall initiate the abatement process in accordance with Section 4.04 below. Costs associated with such nuisance abatement shall be borne by the owner, occupant or other person in control of the premises.

Section 4.04 Abatement Procedure

- A. If any owner shall fail to comply with the provisions of Section 4.02 above, said person may, in addition to being charged with a violation of this Chapter, be given notice to comply with the provisions of Section 4.02 above. The notice shall contain a statement explaining the right of the owner to request a hearing for the purpose of determining whether the conditions constitute a nuisance under this Chapter. The notice shall be given by letter addressed and delivered to such person either by mailing it to the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the

property is located or by personal delivery. If notice cannot be made in such manner, the notice shall be given by publication at least once, or by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the violation relates, if the property contains no buildings. If the notice is mailed to the property owner in accordance with this section and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered. If the notice is given by mail, the date of notice is the date of delivery. If the date of delivery is not known, then notice given by mail is deemed to be delivered three (3) days after the date mailed. If notice is made by publication, the publication shall be in a newspaper of general circulation in the community.

- B. An owner, after notice required in Subsection (A) above, shall respond to the notice before the expiration of seven (7) days from the date the notice has been mailed and delivered or personally delivered or published or posted.
 - 1. If the Administrator has not received a timely request for a hearing, the City of Arlington may enter the premises containing the nuisance condition as allowed by law in accordance with this section and do or cause to be done any work necessary to bring such premises into compliance with this Chapter.
 - 2. If the Administrator has received a request for hearing, the following shall occur:
 - a. The Administrator will schedule a hearing within five (5) days after the date the request is filed unless the parties agree to a certain date beyond the five (5) days. The owner request for hearing must contain an address and a phone number where notice of hearing can be provided. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by

the Administrator and subject to approval by the City Attorney.

- b. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance exist, the Hearing Officer shall give written notice of the findings in an abatement order to the owner that, unless the conditions are abated or the order is appealed within three (3) days from the date of the order, the City may enter upon the property as allowed by law in accordance with this section and do or cause to be done any work necessary to bring such premises into compliance with this Chapter.
 - c. The determination of the Hearing Officer shall be final unless timely appealed by the owner to a court of competent jurisdiction within three (3) days from the date of receipt of the abatement order. The filing of such appeal shall have the effect of staying the order pending a judicial determination of the appeal unless the nuisance condition is reasonably determined by the Hearing Officer to be an immediate threat to health or safety.
- C. In a notice provided under this section, the City may also include terms of an annual notice which conforms to this subsection and Chapter 342 of the Texas Health and Safety Code, except as otherwise noted in this Code of Ordinances. The annual notice terms shall inform the owner by regular mail and a posting on the property that, if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of the notice, the City without further notice may correct the violation at the owner's expense and assess the expense against the property. If a violation covered by the terms of the annual notice occurs within the one-year period, and the City has not been informed in writing by the owner of an ownership change, then the City without further notice may do the work or make the improvements required and pay for the work done or improvements made and charge the expenses to the owner of the property as provided in this section.

- D. The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper, shall be initially paid by the City of Arlington and charged to the owner of such property, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, second only to tax liens and liens for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%) from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Administrator, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by the City of Arlington. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements as particularly specified in the Texas Health and Safety Code §342.007. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.
- E. Any police officer of the City of Arlington or any other peace officer is empowered to stop the transportation of and detain any nuisance found being transported illegally until the appropriate officials which are hereinafter designated can be notified in order that the said nuisance may be seized and destroyed in accordance with the terms of this section.

Notwithstanding any penal, lien or notice provisions of this ordinance, the City Attorney of the City of Arlington is authorized to file suit on behalf of said City for such injunctive relief as may be necessary to prevent unlawful storage, transportation, keeping or using of a nuisance and to aid the hereinafter designated officials in the discharge of their duties and to particularly prevent any person from interfering or attempting to interfere with the seizure and destruction of such nuisance.

- G. The hereinafter designated officials are hereby authorized to enter the public areas of any building or premises, not a private residence or dwelling, at all reasonable times where the unlawful presence of a nuisance is suspected, in order to inspect the same for the presence of such nuisance or to abate or destroy the nuisance, if such building or premises are occupied and conducting business. Such official shall first present proper credentials and demand entry, unless otherwise permitted by law. If such building or premises are unoccupied, a reasonable effort shall be made to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, or if no owner or other person having charge or control of the building or premises can be located, or the area to be inspected is not a public area, the hereinafter designated officials shall have recourse to every remedy provided by law to secure entry.

ARTICLE VI

JUNKED AND NUISANCE VEHICLES

Section 6.01 Purpose

The City of Arlington believes that junked, nuisance, abandoned, and/or legally unusable vehicles in public view

are a detriment to the quality of life of Arlington residents and inhibit commerce. The presence of these vehicles erodes the integrity of the neighborhoods where they exist and undermines the safety, atmosphere and environment where family life and commerce takes place.

Section 6.02 Authority

This article is adopted pursuant to the authority provided by Municipal Home Rule and the Texas Transportation Code, Chapter 683, Subchapter E, and any successor statutes or other law, to establish procedures for the abatement and removal from private or public property or public right-of-way of a junked or nuisance vehicle or part of a junked or nuisance vehicle as a public nuisance.

Section 6.03 Junked Vehicles and Nuisance Vehicles Declared Public Nuisances

- A. A junked vehicle, including a part of a junked vehicle, that is visible at any time of the year from a public place or public right-of-way is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, invites vandalism, creates a fire hazard, is an attractive nuisance creating a hazard to the health and safety of minors, and is detrimental to the economic welfare of the City by producing urban blight which is adverse to the maintenance and continuing development of the City, and such vehicles are therefore declared to be a public nuisance.

- B. A nuisance vehicle, including a part of a nuisance vehicle, that is visible at any time of the year from a public place, public right-of-way or private property, is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, invites vandalism, creates a fire hazard, is an attractive nuisance creating a hazard to the health and safety of minors, or is detrimental to the economic welfare of the City by producing urban blight which is adverse to the maintenance and continuing development of the City, and such vehicles are therefore declared to be a public nuisance.

Section 6.04 Offense

- A. A person commits an offense if the person maintains a public nuisance described by Section 6.03 of this Chapter.
- B. Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this Article shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined an amount not to exceed Two Hundred and No/100 Dollars (\$200.00) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.
- C. The court shall order abatement and removal of the nuisance.

Section 6.05 Exceptions

The following vehicles or parts thereof are excepted from the provisions of this ordinance:

- A. A vehicle or vehicle part which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property.
- B. A vehicle or vehicle part which is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard, or that is an antique or special interest vehicle or part thereof stored by a motor vehicle collector on the collector's property, provided that the vehicle or part and the outdoor storage area, if any, are:
 - 1. maintained in an orderly manner,
 - 2. do not constitute a health hazard, and
 - 3. are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.
- C. An unlicensed, operable or inoperable antique or special interest vehicle or part thereof stored by a motor vehicle collector on the collector's property, provided that the vehicle or part and the outdoor storage area, if any, are maintained in such a manner

that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.

Section 6.06 Procedure for Disposition of Junked and Nuisance Vehicles

The procedure for the abatement and removal of a junked or nuisance vehicle or part thereof, as a public nuisance, from private property, public property, or public right-of-way shall be as follows:

- A. After a determination is made by the City Manager appointed Department Director or his designee that a particular vehicle is a junked or nuisance vehicle or after an order issued by the municipal court pursuant to Section 6.04(C), there shall be furnished not less than ten (10) days notice, stating the nature of the public nuisance on private property and that it must be removed and abated not later than the 10th day after the date on which the notice was personally delivered or mailed and further that a request for a hearing must be made before expiration of said ten (10) day period, such notice to be personally delivered or sent by certified mail with a five (5) day return requested to:
 1. the last known registered owner of the junked or nuisance vehicle;
 2. all lien holders of record; and
 3. the owner or occupant of:
 - a. the private premises whereupon such public nuisance exists; or
 - b. if the public nuisance vehicle is located on a public right-of-way, the property adjacent to the public right-of-way whereupon such public nuisance exists.

If the post office address of the last known registered owner of the nuisance is unknown, notice may be placed on the nuisance or, if the owner is located, personally delivered. If the notice is returned undelivered by the United States Post Office,

official action to abate said nuisance shall be continued to a date not earlier than the 11th day after the date of such return.

- B. After a vehicle has been removed, it shall not be reconstructed or made operable.
- C. There shall be a public hearing prior to the removal of the vehicle or part thereof as a public nuisance if such hearing is requested by the last known registered owner of the motor vehicle, or by any lien holder of record, or by the owner or occupant of the public or private premises, or by the owner or occupant of the premises adjacent to the public right-of-way on which said vehicle is located, or by the Police Department. The public hearing shall be held before the City Manager designated Department Director, or his or her designee, not earlier than the 11th day after the date of the service of notice to abate the nuisance. At the hearing, the vehicle which is the subject of the junked or nuisance vehicle hearing is presumed, unless demonstrated otherwise by the owner, to be inoperable. Any resolution or order requiring the removal of a junked or nuisance vehicle or part thereof must include the vehicle's description, vehicle identification number, and license plate number if the information is available at the location of the nuisance. A Judge of the Municipal Court of the City of Arlington may issue necessary orders to enforce the procedures for the abatement and removal of a public nuisance under this Article.
- D. The relocation of a junked or nuisance vehicle that is a public nuisance to another location within the City, after a proceeding for the abatement and removal of such junked vehicle has commenced, has no effect on the proceeding if the junked or nuisance vehicle constitutes a public nuisance at the new location.
- E. Notice must be given to the State Department of Highways and Public Transportation not later than the fifth (5th) day after the date of removal identifying the vehicle or part thereof. Said Department shall cancel the certificate of title issued for the vehicle immediately on receipt of such notice.
- F. The administration of the procedures herein shall be by the Community Services Department and Police Department of the City of Arlington, Texas, and by

such other regularly salaried, full-time City employees as may be from time-to-time granted authority by the City's governing body to enforce this ordinance, except that the removal of junked vehicles or parts thereof from property may be by any duly authorized person.

- G. A citation may be issued and a complaint may be filed in the Municipal Court of the City of Arlington for the violation of maintaining a public nuisance, if the nuisance is not removed and abated and a hearing is not requested within the ten (10) day period provided in Subsections (A) and (B).

Section 6.07 Disposal of Junked or Nuisance Vehicles

A junked or nuisance vehicle or part thereof may be disposed of by removal to a scrapyard, a motor vehicle demolisher, or any suitable site operated by the City, for processing as scrap or salvage pursuant to authority provided in the Texas Transportation Code, § 683.078 or any successor statute for junked vehicle disposal.

Section 6.08 Authority to Enforce

Any peace officer, Code Enforcement officer or other regularly salaried, full-time City employee authorized to enforce this ordinance, may enter the public areas of any building or premises, not a private residence or dwelling, structure or completely enclosed structure on private property, at all reasonable times whenever necessary in the performance of his duties to inspect and investigate for violations of any law, or to enforce any law. The authority to inspect shall include but not be limited to the authority to examine vehicles or parts thereof, obtain information as to identity of vehicles and to remove or cause the removal of a vehicle or part thereof declared to be a nuisance. If such building or premises be occupied and involved in conducting business, he shall first present proper credentials and demand entry, unless otherwise permitted by law. If such entry is refused, or, if no owner or other person having charge or control of the building or premises can be located, he shall have recourse to every remedy provided by law to secure entry.

Section 6.09 Effect of Act on Other Laws

Nothing in this Article shall affect laws that permit immediate removal of a vehicle left on public property which constitutes an obstruction to traffic, or laws that establish procedures for taking possession of abandoned motor vehicles.

ARTICLE VII

PARKING OF VEHICLES

Section 7.01 Parking Vehicles

A. Except as otherwise provided in this Section, it shall be unlawful for any person to park or to cause, suffer, maintain or allow to be parked upon any property under his control any automobile, truck, bus, motorcycle, motorhome, camper, trailer, truck tractor, road tractor, semi-trailer, pole trailer, boat or mobile home, on any yard including driveways:

- (1) in front of,

- (3) when parked on any rear yard which is not adjacent to one or more street corners; or

- (4) when parked on any rear yard when such vehicle is screened from view from any public street by a screening fence.

Section 7.02 Public Parking of Vehicle for Sale Prohibited

A. Vehicle for Sale Parked in Unauthorized Location Declared a Public Nuisance. A Vehicle for Sale, when parked in an unauthorized location where it is visible from a public place or public right-of-way:

1. is detrimental to the safety and welfare of the general public,
2. tends to attract attention of passers-by on roadways where slowing traffic presents a hazard to motorists and to pedestrians,
3. leads drivers to enter onto the premises where the Vehicle for Sale is parked even when no legitimate paved access exists,
4. invites customer inspection in unprotected settings where inspection may be unsafe near moving traffic lanes,
5. contributes to a proliferation of vehicles parked in areas not generally designed for parking, such as vacant lots and other unpaved areas,
6. entices further misuse of an unauthorized location, paved or unpaved, for vehicle sales by other persons with Vehicles for Sale,
7. produces deleterious effects on the exercise of lawful vehicle sales at legitimate, authorized locations,
8. produces urban blight which is adverse to the maintenance and continuing development of the City, and

such Vehicles for Sale are therefore declared to be a public nuisance.

B. Offense

1. A person commits an offense when the person maintains a public nuisance described in Section 7.02(A):
 - a. by parking the Vehicle for Sale at the unauthorized location, or
 - b. by having ownership, care, custody or control of the unauthorized location where the Vehicle for Sale is parked.
2. An offense under this section is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).
3. The Court shall order abatement and removal of the nuisance on conviction.
4. In a prosecution under this section, it is presumed that the registered owner of the Vehicle for Sale is the person who parked the Vehicle for Sale at the time and place the offense occurred.

C. Exemptions. The provisions of this ordinance do not apply to a Vehicle for Sale parked in a lawful manner in the course of its normal use as a means of transportation:

1. upon the premises of or immediately adjacent to a single-family residence if the vehicle is registered to, owned or operated by the owner or legal occupant of the single-family residence; or
2. in a permitted parking space at a multi-family housing facility if the vehicle is registered to, owned by or operated by the owner or legal occupant of a unit in the multi-family housing facility; or
3. in the parking area of a commercial establishment or place of business when the driver is then and there employed and working or is then and there transacting business at the establishment or business.

ARTICLE VIII

GRAFFITI

Section 8.01 Legislative Findings

The City of Arlington recognizes that graffiti that is visible from a public place, public right-of-way, or the property of others is detrimental to the safety and welfare of the public, invites vandalism, additional graffiti, and other criminal activities, tends to reduce the value of private property, and produces property blight adverse to the maintenance and continuing development of the City of Arlington. The City of Arlington desires to prevent the spread of graffiti vandalism and to establish a program for the removal of graffiti from public and private property.

The City Council finds that graffiti is a public nuisance and destructive of the rights and values of property owners as well as the entire community. Other properties then become the target of graffiti, and entire neighborhoods are affected and become less desirable places in which to be, all to the detriment of the city.

The City Council intends, through the adoption of this Article, to provide additional enforcement tools to protect public and private property from acts of graffiti vandalism and defacement. The Council does not intend for this Article to conflict with any existing anti-graffiti state laws.

Section 8.02 Graffiti Removal Requirement, Offense

- A. It shall be the duty of the owner of any tangible property to remove or cause to be removed all graffiti from the property that is visible from any public property or right-of-way or from any private property other than the property on which the graffiti exists.
- B. Failure to remove or cause to be removed graffiti within forty-eight (48) hours after notice to do so by the City shall constitute an offense.

Section 8.03 Notice and Abatement by City

- A. Notice. Whenever graffiti is found to exist, the owner shall be given notice to comply with Section 8.02 above. The notice shall contain a statement explaining the owner's right to request a hearing for the purpose of determining whether the conditions constitute a public nuisance under this Article. The notice shall be given by letter addressed and delivered to the owner either by mailing it to the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located or by personal delivery. If notice cannot be made in such manner, the notice shall be given by publication at least once, or by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the violation relates, if the property contains no buildings. If the notice is mailed to the property owner in accordance with this section and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered. If the notice is given by mail, the date of notice is the date of delivery. If the date of delivery is not known, then notice given by mail is deemed to be delivered three (3) days after the date mailed. If notice is made by publication, the publication shall be in a newspaper of general circulation in the community.
- B. Abatement. After the expiration of seven (7) days from the date the notice required in Subsection (A) above has been mailed and delivered or personally delivered, or published or posted, and where the Administrator has not received a request for a hearing, the City of Arlington may enter upon the property as allowed by law and do or cause to be done any work necessary to bring such premises into compliance with this Article.
- C. Hearing.
1. If, within seven (7) days after the date the notice regarding the removal of graffiti is sent, the owner files with the Administrator a written request for a hearing, the Administrator will

schedule a hearing within five (5) days after the date the request is filed. The request for hearing must contain an address and a phone number where notice of hearing can be given. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the Administrator and subject to approval by the City Attorney.

2. The determination of the Hearing Officer after the hearing shall be final and not appealable. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance hereunder exist, the Hearing Officer shall give written notice in an abatement order that, unless the graffiti is removed within two (2) days from the date of the order, the City may enter upon the property and do or cause to be done any work necessary to bring such premises into compliance with this Article.

Section 8.04 Assessment of Expenses

The expense incurred in correcting the condition of such property, including the cost of delivering and posting notice and of publishing notice in the newspaper, shall be initially paid by the City of Arlington and charged to the owner of such property, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, second only to tax liens and liens for street improvements, to secure the payment of the amount so expended. Such amount shall bear interest at the rate of ten percent (10%), or such rate allowed by law, from the date the City of Arlington incurs the expense. The lien statement shall be filed by the Administrator, and shall state the name of the owner, if known, and the legal description of the property. For any such expenditures and interest, suit may be instituted and recovery and foreclosure had by the City of Arlington. The statement of expense filed with the County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements. The procedures set out herein are civil in nature and shall

in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.

Section 8.05 Responsibility of Parent or Guardian for Graffiti Created By Minor

A parent or guardian of a minor commits an offense if he or she intentionally, knowingly, recklessly or with criminal negligence permits the minor to create graffiti on tangible property in the City without the property owner's consent.

Section 8.06 Possession of Aerosol Paint by Minor

- A. Possessing Aerosol Paint. It shall be unlawful for a minor to possess aerosol paint of any sort or character.

- B. Affirmative Defense. It shall be an affirmative defense to a violation of Section 8.06(A) that, at the time of possession, the minor was accompanied or supervised by a parent or guardian, a teacher in connection with a bona fide school project, a supervisor during the minor's regular employment, or that the minor possessed the aerosol paint on the property on which he or she lives or that the possession occurred as part of an organized event sponsored or supervised by the City, a school, a church or some other officially recognized entity.

Section 8.07 Enforcement

- A. Enforcement. It shall be the duty of the Director of Community Services, the Chief of Police, the Fire Chief, the Director of Public Works and Transportation, the Director of Community Development and Planning, and their designees, to enforce this ordinance. Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this Article shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined an amount not to exceed Five Hundred and No/100 Dollars (\$500.00) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

B. Affirmative Defenses. It is an affirmative defense to prosecution under this Article that no notice was served on the property owner, in compliance with Section 8.03.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed Two Thousand and No/100 Dollars (\$2000) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

7.

The caption and penalty clause of this ordinance shall be published in a newspaper of general circulation in the City of Arlington, in compliance with the provisions of Article VII, Section 15, of the City Charter. Further, this ordinance may be published in pamphlet form and shall be admissible in such form in any court, as provided by law.

8.

This ordinance shall become effective ten days after first publication as described above.

PRESENTED AND GIVEN FIRST READING on the 5th day of June, 2007, at a regular meeting of the City Council of the City of Arlington, Texas; and GIVEN SECOND READING, passed and approved on the 19th day of June, 2007, by a vote of 9 ayes and 0 nays at a regular meeting of the City Council of the City of Arlington, Texas.

Section 8.02 Graffiti Removal Requirement, Offense

- A. It shall be the duty of the owner of any tangible property to remove or cause to be removed all graffiti from the property that is visible from any public property or right-of-way or from any private property other than the property on which the graffiti exists.
- B. A property owner commits an offense by failing to remove or cause to be removed graffiti from the owner's property within fifteen (15) days after receipt of notice from the City to do so.
- C. It is an exception from the requirement that an owner of property remove or cause to be removed graffiti from the property if the graffiti is located on transportation infrastructure and the removal of the graffiti would create a hazard for the person performing the removal.

Further, **Article VIII, Section 8.03**, is hereby amended by the amendment of the title from Notice and Abatement by City to Offer, Notice and Abatement, so that the title and section shall be and read as follows:

Section 8.03 Offer, Notice and Abatement

- A. **Offer.** Whenever graffiti is found to exist, the City may offer to remove the graffiti from the owner's property free of charge.
1. The City shall offer to remove the graffiti free of charge to the property owner by personal delivery of the written offer to the owner, by posting the offer on or near the front door on the property to which the offer relates, by posting the offer on a placard attached to a stake driven into the ground on the property to which the offer relates or by sending an offer letter by first class mail that is addressed to the owner at the owner's address as contained in the records of the appraisal district in which the property is located. If the City's offer cannot be made in such manner, the offer shall be made by publication at least once in a newspaper of general circulation in Tarrant County or the City. If the offer is made by personal delivery, the date of the offer is the date of delivery. If the offer is made by posting on or near the front door or by posting on a placard, the date of the offer is the date the offer was posted. If the offer is made by mail and the United States Postal Service returns the offer as "refused" or "unclaimed", the validity of the offer is not affected. If the offer is made by mail, the date of the offer is deemed to be three (3) days after the date mailed. If the offer is made by publication, the date of the offer is the date of publication.
 2. The owner has three (3) days from the date of the offer to accept or refuse the City's offer. The owner may accept the City's offer by timely filing written acceptance with the Administrator on the form prescribed by the Administrator. Failure of the owner to timely file with the Administrator written acceptance of the City's offer shall constitute a refusal of the City's offer. If the owner accepts the City's offer, the City may enter upon the property as allowed by law and do or cause to be done any work necessary to bring the property into compliance with this Article. If the owner refuses the City's offer by filing a written refusal or by failing to timely file with the Administrator written acceptance of the City's offer, the owner shall be given notice to comply with Section 8.02.
- B. **Notice.** After offer by the City to remove the graffiti for free and refusal by the property owner of the City's offer, the owner shall be given notice to comply with Section 8.02 and to remove or cause to be removed the graffiti within fifteen (15) days from receipt of the notice. The notice shall contain a statement explaining the owner's right to request a hearing for the purpose of determining whether the conditions constitute a public nuisance under this Article. The notice shall be given personally to the owner in writing or by letter sent by certified mail, return receipt requested, addressed to the property owner at the property owner's address

as contained in the records of the appraisal district in which the property is located. If notice cannot be given in such manner, the notice shall be given by publication at least once in a newspaper of general circulation in Tarrant County or the City, by posting the notice on or near the front door of each building on the property to which the notice relates, or by posting the notice on a placard attached to a stake driven into the ground on the property to which the notice relates. For notice given by personal delivery, the notice is deemed received on the date of delivery. For notice given by posting on or near the front door or by posting on a placard, the notice is deemed received the date the notice was posted. If notice is given by mail and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected. If the notice is given by mail, the notice is deemed received three (3) days after the date mailed. If the notice is made by publication, the notice is deemed received on the date of publication.

C. Abatement. After the expiration of fifteen (15) days from the date the owner received the notice and where the Administrator has not received a timely request for a hearing, the City of Arlington may enter upon the property as allowed by law and do or cause to be done any work necessary to bring such premises into compliance with this Article.

D. Hearing.

1. If, within fifteen (15) days after the date the owner received the notice, the owner files with the Administrator a written request for a hearing, the Administrator will schedule a hearing within five (5) days after the date the request is filed unless the parties agree to a certain date beyond the five (5) days. The owner's request for hearing must contain an address and a phone number where notice of hearing can be given. At the hearing, the owner and the City may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the Administrator and subject to approval by the City Attorney.
2. The determination of the Hearing Officer after the hearing shall be final and not appealable. If, after the hearing, the Hearing Officer finds that conditions constituting a nuisance hereunder exist, the Hearing Officer shall give written notice in an abatement order that, unless the graffiti is removed within fifteen (15) days from the date the owner receives the notice given pursuant to Section 8.03(B) or within two (2) days from the date of the abatement order, whichever is later, the City may enter upon the property and do or cause to be done any work necessary to bring such premises into compliance with this Article.

Further, **Article VIII, Section 8.04, Assessment of Expenses**, is hereby amended so that said section shall be and read as follows:

Section 8.04 Assessment of Expenses

The expense incurred in correcting the condition of such property, including the cost of delivering, posting notice, publishing notice in the newspaper, and the City's administrative expenses, shall be initially paid by the City of Arlington and charged to the owner of such property as fees in an amount established by City Council Resolution, and the City of Arlington may cause the expense thereof to be assessed on the real estate, or lot or lots upon which such expense is incurred. To obtain a lien against the property for expenses incurred in correcting the condition of graffiti on the property, the Administrator shall file a statement of expenses with the County Clerk of Tarrant County. The statement of expenses shall contain the name of the property owner, if known, the legal description of the property, and the amount of expenses incurred in correcting the condition on the property. On filing with the County Clerk of Tarrant County a statement of the expense incurred in correcting the condition on the property, the City of Arlington shall have a privileged lien on such property, subordinate only to any previously recorded lien, and the rights of a purchaser or lender for value who acquires an interest in the property subject to the lien before the statement of expenses is filed. Such amount shall bear interest at the rate of ten percent (10%) or such rate allowed by law from the date the City of Arlington incurs the expenses. The statement of expenses filed with the Tarrant County Clerk or a certified copy thereof, shall be prima facie proof of the amount expended by the City in doing the work or making the improvements. The procedures set out herein are civil in nature and shall in no way restrict or prohibit the prosecution of criminal charges under the provisions of this Chapter.

Further, **Article VIII, Section 8.07, Enforcement**, Subsection (B), is hereby amended so that said subsection shall be and read as follows:

B. **Affirmative Defenses.** It is an affirmative defense to prosecution under this Article that notice was not given to the property owner in compliance with this Article.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed Five Hundred and No/100 Dollars (\$500) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

7.

The caption and penalty clause of this ordinance shall be published in a newspaper of general circulation in the City of Arlington, in compliance with the provisions of Article VII, Section 15, of the City Charter. Further, this ordinance may be published in pamphlet form and shall be admissible in such form in any court, as provided by law.
